AMERICAN COLLEGE of CARDIOLOGY®

The Adult Congenital & Pediatric Cardiology (ACPC) Quality Network™

is a national network of congenital heart disease (CHD) centers dedicated to collecting and sharing data covering ACHD, BMI, imaging, chest pain, Kawasaki Disease, tetralogy of Fallot and more.

Developed by your CHD colleagues, the network provides:

- Easy data collection using random samples or total eligible patient population
- Quarterly performance reports benchmarked
- Ongoing knowledge sharing and networking
- Quality improvement activities for MOC Part 4 credit through ABMS

Join the ACPC Quality Network today to support better care and outcomes for your CHD patients.
