The ACC Quality Improvement for Institutions program provides ASSESSMENT, MONITORING, AND EVALUATION TOOLS that transform clinical data into practical solutions that can make a difference in peoples’ lives.

QUALITY IMPROVEMENT FOR INSTITUTIONS

ACC ACCREDITATION SERVICES
Combining registry data, education, and quality initiatives, ACC’s accreditations for CV service lines help hospitals reduce variations in care, bridge gaps, and track progress for improved outcomes and enhanced ROI.

QUALITY CAMPAIGNS
Designed to support efforts with structured quality improvement projects to achieve specific goals, disseminate evidence-based strategies and toolkits, promote best practice sharing, and build nationwide learning networks using the NCDR registries.

NATIONAL CARDIOVASCULAR DATA REGISTRY (NCDR)
The ACC’s suite of CV data registries help hospitals and private practices measure and improve the quality of care they provide.

CLINICAL TOOLKITS
Guidelines-based tools and apps, and best practice care resources to address common clinical issues at your facility.

Get Started at FindYourHeartaHome.org

Powered by ACC’s NCDR® and CardioSmart®
THE HEART OF QUALITY PATIENT CARE

As the global professional organization for the entire cardiovascular care team, the American College of Cardiology (ACC) is committed to supporting patients, caregivers, and health care professionals by ensuring the highest quality care is delivered to every patient, every time.

ACC Accreditation Services™
ACC Accreditation Services links performance improvement to patient outcomes and promotes consistent processes across the care continuum. Working with hospitals and health systems, ACC Accreditation Services partners to build communities of excellence by advancing the highest standards of quality patient care.

NCDR® (National Cardiovascular Data Registry)
The NCDR is ACC’s suite of data registries helping hospitals and health systems measure and improve the quality of cardiovascular care they provide. The NCDR utilizes real-world evidence to improve patient outcomes and achieve quality heart care.

MedAxiom, an ACC Company
MedAxiom is the premier source for cardiovascular organizational performance solutions. MedAxiom unites the cardiovascular community via cutting-edge education, networking opportunities and best practices to transform cardiovascular care, together.

FOR CARDIOVASCULAR PROFESSIONALS, please visit CVQuality.ACC.org to learn more about ACC’s Quality Improvement for Institutions program. To learn more about cardiovascular organizational performance solutions, visit MedAxiom.com.

FOR PATIENTS AND CAREGIVERS, please visit CardioSmart.org to learn more about ACC’s clinician-directed heart health education and resources.

The following pages list more than 2,000 hospitals, centers and health systems that rely on ACC’s NCDR and Accreditation Services. Patients and caregivers can trust hospitals and centers that participate in the NCDR, receive the ACC’s Accreditation seal of approval, and are recognized with the Chest Pain – MI Registry™ Performance Achievement Award and the HeartCARE Center™ Award for delivering the best cardiovascular patient care.

ACC Accreditation Services

- **Atrial Fibrillation Accreditation**
  - Incorporates evidence-based guidelines and clinical best practices to treat patients with atrial fibrillation.

- **Cardiac Cath Lab Accreditation**
  - Merges the latest evidence-based science and process improvement methodologies, while addressing pre-procedure, peri-procedure and post-procedure care for patients undergoing treatment in the Cath Lab.

- **Chest Pain Center Accreditation**
  - Integrates triage treatment protocols, risk stratification, and best practices for the emergency care of acute coronary syndrome patients.

- **Electrophysiology Accreditation**
  - Links the latest science, process improvement methodologies and patient outcomes across the care continuum for patients undergoing treatment in the EP Lab.

- **Heart Failure Accreditation**
  - Leverages guideline-directed medical therapies and best practices to ensure greater operational efficiency and a more consistent approach to treatment.

- **Transcatheter Valve Certification**
  - Utilizes evidence-based science, real-world patient outcomes and expert recommendations to standardize and improve care for patients requiring transcatheter valve therapies.

NCDR

- **AFib Ablation Registry**
  - (Catheter-based atrial fibrillation ablation procedures) Assesses the prevalence, demographics, acute management and outcomes of patients undergoing atrial fibrillation (AFib) catheter ablation procedures.

- **CathPCI Registry**
  - (Diagnostic cardiac catheterization and percutaneous coronary intervention) Measures adherence to the ACC/AHA clinical practice guideline recommendations, procedure performance standards and appropriate use criteria for coronary revascularization.

- **Chest Pain – MI Registry**
  - (Acute myocardial infarction treatment) Leverages national evidence-based standards for understanding and improving the quality, safety and outcomes of care provided for heart attack patients.

- **EP Device Implant Registry**
  - (Implantable cardioverter defibrillator and pacemaker procedures) Provides a national standard for understanding patient characteristics, treatments, outcomes, device safety and the overall quality of care for ICD/CRT-D and select novel pacemaker procedures.

- **IMPACT Registry**
  - (Pediatric and adult congenital treatment procedures) Assesses the prevalence, demographics, management and outcomes of pediatric and adult congenital heart disease patients who undergo diagnostic catheterizations and catheter-based interventions.

- **LAAO Registry**
  - (Left atrial appendage occlusion procedures) Captures data on left atrial appendage occlusion (LAAO) procedures to assess real-world procedural outcomes, short and long-term safety, and comparative effectiveness.

- **STS/ACC TVT Registry**
  - (Transcatheter valve therapies procedures) Monitors real-world outcomes on transcatheter valve therapies leading to improved patient outcomes, enhanced assessment of treatment options and results, and more informed decision making.

Honors

- **Chest Pain – MI Registry™ Performance Achievement Award**
  - Recognizes hospitals participating in Chest Pain – MI Registry that have demonstrated sustained, top level performance in quality of care and adherence to guideline recommendations.
  - Platinum
  - Gold
  - Silver

- **HeartCARE Center™**
  - Recognizes hospitals that have demonstrated a commitment to world-class cardiovascular care through comprehensive process improvement, disease and procedure-specific accreditation, professional excellence and community engagement.

Hospitals are listed by state and then by level of engagement with the ACC’s quality and process improvement programs.

Patients and clinicians work together to decide treatment options.

Decision aids help YOU and your HEART CARE TEAM choose the best path based on your values.
Celebrating Great Achievements

The American College of Cardiology (ACC) applauds those hospitals and health care facilities that have achieved a HeartCARE Center designation and the work of the HeartCARE Center champions who provide leadership in earning this great distinction. Each of the institutions demonstrates a commitment to world-class cardiovascular care through community engagement coupled with quality improvement in care delivery and implementation of disease and procedure-specific accreditation programs. Additionally, the constant support of many qualified and dedicated physicians and cardiovascular care team members, including credentialed Fellows and Associates of the ACC, is essential to each hospital and facility’s ongoing HeartCARE Center achievement.

We recognize their collaborative efforts, purposeful focus, and passion for excellence in working to deliver exceptional care and optimal outcomes for cardiovascular patients.

To find a hospital or facility that participates in ACC’s quality improvement efforts or to find the right hospital to meet your needs, please visit www.cardiosmart.org/find-your-heart-a-home.

©2021 American College of Cardiology R21001
The American College of Cardiology (ACC) recognizes these Health Systems for their commitment to drive preeminent hospital care for heart patients. Participating in the ACC’s proven quality care delivery and outcomes programs demonstrates their commitment to better lives for healthier tomorrows.

Visit CVQuality.ACC.org/HealthSystems to learn more.
THANK YOU TO HEALTH CARE HEROES EVERYWHERE

The American College of Cardiology is deeply grateful for health care workers around the world who have worked tirelessly and courageously to help and heal patients. Compassionate care has always been at the heart of what you do.

We thank you for all the unflagging sacrifices you have made and continue to make in the lives of your patients, their families and your communities. Your commitment, persistence and dedication deserve our unending admiration and we thank you.

ACC is working to provide resources to help health care workers to look after their mental and physical well-being while on the front lines of the COVID-19 pandemic.

Please visit ACC’s Resources For Clinician Well-Being for tools and resources specific to these unprecedented times at www.acc.org/clinicianwellbeing.
