Performance Achievement Award Criteria

The Performance Achievement Award Program for 2018 will review data entered for eight quarters through 2017Q4. The data used for the aggregation are the data submitted as of the 2017Q4 data deadline, February 28, 2018. This submission must pass the DQR with a green light for all quarters evaluated.

Award designations will be sent to the Registry Site Manager designated in the Site Profile, and will include promotional and marketing materials.

Eligibility Requirements

- All AMI patients eligible for inclusion in the Registry are submitted; sampling of data is not permitted
- A minimum of 40 episode records per year
- Compliance score of 90% or greater for **both** STEMI **and** NSTEMI Measures as outlined below
- Compliance score of 75% or greater on Defect Free Care Performance Measure
- Data evaluation is performed for each individual quarter and eligibility is determined by each of those 4/8 quarters meeting the required composite score
- Hospital must have a current contract as of the 2017Q4 Data Deadline
