

# eReports *States*

NCDR's Regional Reporting Dashboard

**NCDR**<sup>®</sup>  
NATIONAL CARDIOVASCULAR DATA REGISTRY

# NCDR eReports States

## *Reporting Solution for State Agencies & Regional Coalitions*

### Monitor

Monitor cardiovascular outcomes and process metrics for hospitals participating in NCDR

Identify key areas in your State or region for improvement

### Compare

Compare NCDR data across hospitals within your region, state or county

Assess regional or state performance with local and national benchmarks

### Connect

Share data with key stakeholders in your state or region

Leverage registry data to drive discussion and cooperation in your region

### Improve

Use data to inform quality improvement campaigns in your area

Trending data to identify areas for continuous improvement

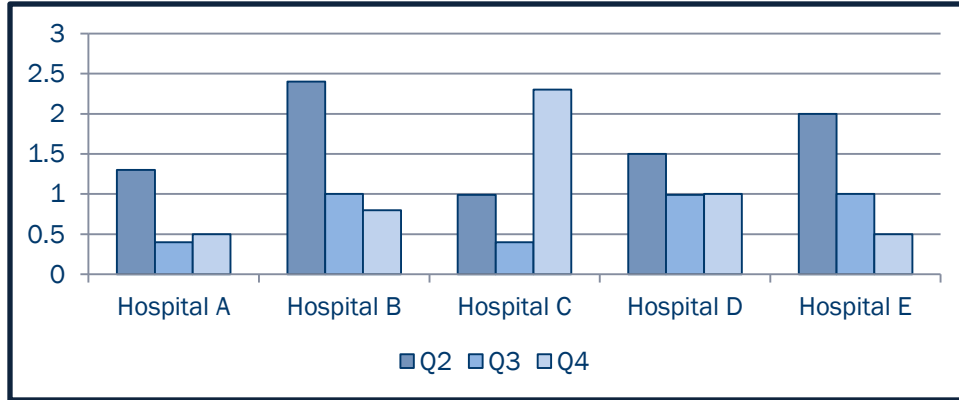

# Monitor

Metric Name	My Group	US		
		Hospitals 90th Pctl	Hospitals 75th Pctl	
<a href="#">1 - Overall AMI performance composite</a>	95.5	76-90	99.1	94.6
<a href="#">2 - Overall defect free care</a>	76.5	51-75	94.8	73.0
<a href="#">3 - STEMI performance composite</a>	96.7	26-50	99.7	96.1
<a href="#">4 - NSTEMI performance composite</a>	94.3	26-50	99.2	93.4
<a href="#">5 - Acute AMI performance composite</a>	97.5	76-90	99.6	97.2
<a href="#">6 - Discharge AMI performance composite</a>	94.3	>90	99.4	93.2
<b>STEMI/NSTEMI Performance Measures</b>				
<a href="#">9 - Beta-blocker prescribed at discharge</a>	97.5	<10	100.0	97.0
<a href="#">10 - Statin prescribed at discharge</a>	99.5	51-75	100.0	99.2
<a href="#">11 - Evaluation of LV systolic function</a>	97.0	10-25	100.0	97.0
<a href="#">12 - ACE-I or ARB for LVSD at discharge</a>	91.4	26-50	100.0	90.2
<a href="#">13 - Proportion of STEMI patients receiving fibrinolytics within 30 minutes</a>	45.4	76-90	100.0	52.2
<a href="#">14 - Median time in minutes to fibrinolytic therapy for STEMI patients</a>	37.0	51-75	17.6	31.5
<a href="#">15 - Proportion of STEMI patients receiving primary PCI within 90 minutes</a>	96.0	10-25	100.0	94.9
<a href="#">16 - Median Time in minutes to primary PCI for STEMI patients</a>	58.0	<10	46.9	60.0
<a href="#">17 - Reperfusion therapy</a>	98.1	>90	100.0	98.0
<a href="#">18 - Time in minutes from ED arrival at STEMI referral facility to ED discharge from STEMI referral facility in patients transferred for PCI</a>	43.5	26-50	30.1	47.0

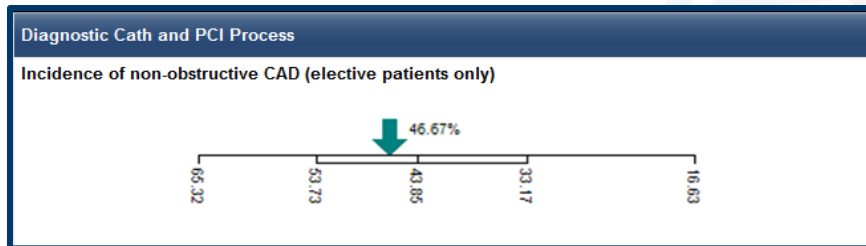

- Monitor Performance, Process, and Outcomes Metrics across group in single page view
- Customize view to monitor specific data elements and metrics
- Easy access through on-line dashboard
- Drill down to hospital and patient level available

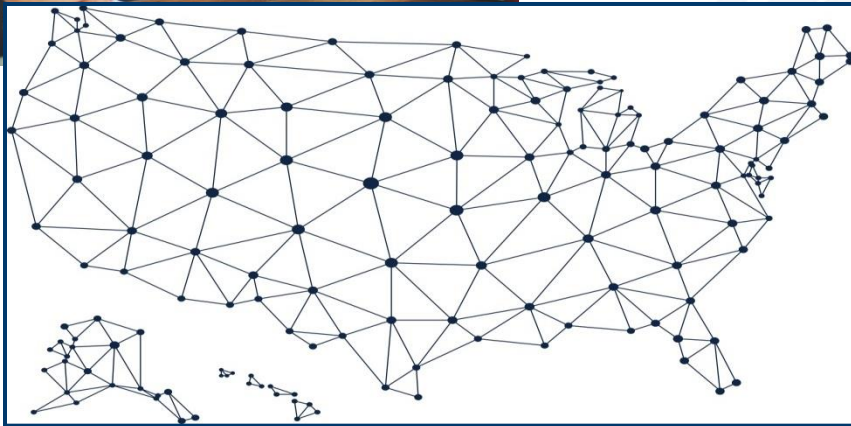

# Compare

- Create unique groupings to compare performance across region
- Compare hospitals' performance to National and Regional benchmark targets
- View and download charts and graphs of regional and state performance

# Connect

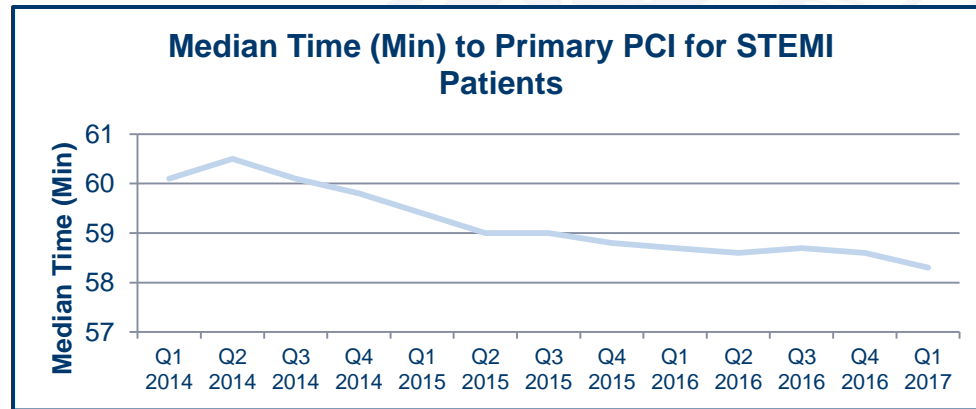

- Format allows for sharing of data with other stakeholders
- Slides and graphs for distribution and presentation
- Ability to grant dashboard access to other stakeholders in state or region

# Improve

- Access historical data to chart long term trends and progress
- Inform regional and/or state wide quality improvement initiatives
- Demonstrate success of improvement efforts

The screenshot shows a software interface for data selection. At the top, there are two dropdown menus: 'Ending Timeframe' and 'Include'. The 'Ending Timeframe' dropdown is open, showing a list of quarters from 2017Q1 to 2013Q2. The 'Include' dropdown is set to 'Green in All 4 Quarters'. Below these are sections for 'My Metrics' and 'Market Analysis'. The 'Market Analysis' section contains a table with columns for 'US Hospitals 90th Pctl' and 'US Hospitals Excl. My Group', and a row of color-coded boxes representing performance ranges: 5-50 (orange), 51-75 (yellow), 76-90 (green), and >90 (dark green).

# eReports State Process

## Data Collection

Hospitals in your state/region individually submit data to Registry

## Data Aggregation

Registry Data is Aggregated, Stored, and Benchmarked

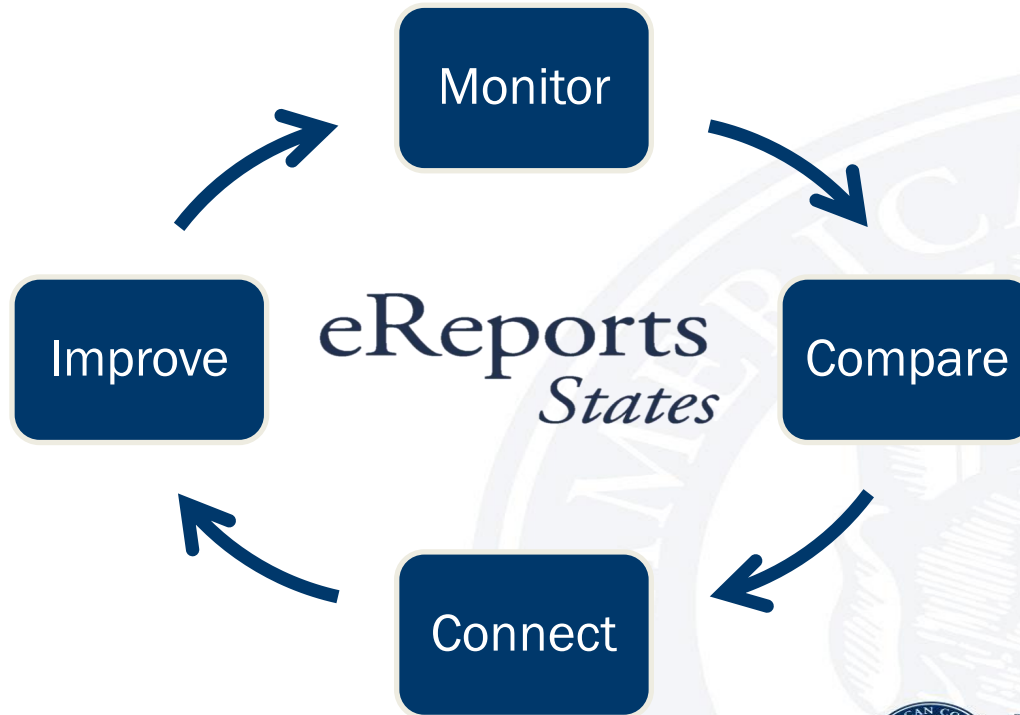

## eReports State

Registry data and benchmarks at regional level through eReports State dashboard

# NCDR eReports States
