**Advancing Heart Care Worldwide** 

# THE HEART OF QUALITY PATIENT CARE

As the global professional organization for the entire cardiovascular care team, the American College of Cardiology (ACC) is committed to supporting patients, caregivers, and health care professionals by ensuring the highest quality care is delivered to every patient, every time.

#### **ACC Accreditation Services™**

ACC Accreditation Services links performance improvement to patient outcomes and promotes consistent processes across the care continuum. Working with hospitals, centers and health systems, ACC Accreditation Services partners to build communities of excellence by advancing the highest standards of quality patient care.

## NCDR<sup>®</sup> (National Cardiovascular Data Registry)

For 25 years, the NCDR has delivered a suite of data registries to help hospitals, centers and health systems measure and improve the quality of cardiovascular care they provide. The NCDR utilizes real-world evidence to improve patient outcomes and achieve quality heart care.

## MedAxiom, an ACC Company

MedAxiom is the premier source for cardiovascular organizational performance solutions. MedAxiom unites the cardiovascular community via cutting-edge education, networking opportunities and best practices to transform cardiovascular care, together.

## FOR CARDIOVASCULAR PROFESSIONALS,

please visit *CVQuality.ACC.org* to learn more about ACC's Quality Improvement for Institutions program. To learn more about cardiovascular organizational peformance solutions, visit *MedAxiom.com*.

## FOR PATIENTS AND CAREGIVERS,

please visit *CardioSmart.org* to learn more about ACC's clinician-directed heart health education and resources.

The following pages list more than 2,000 hospitals, centers and health systems that rely on ACC's NCDR and Accreditation Services. Patients and caregivers can trust hospitals and centers that participate in the NCDR, receive the ACC's Accreditation seal of approval, and are recognized with the Chest Pain - MI Registry™ Performance Achievement Award and the HeartCARE Center™ Award for delivering the best cardiovascular patient care.

# **ACC ACCREDITATION SERVICES**

#### AF Atrial Fibrillation Accreditation

Incorporates evidence-based guidelines and clinical best practices to treat patients with atrial fibrillation.

#### Cardiac Cath Lab Accreditation

Merges the latest evidence-based science and process improvement methodologies, while addressing pre-procedure, periprocedure and post-procedure care for patients undergoing treatment in the Cath Lab.

#### Chest Pain Center Accreditation

Integrates triage treatment protocols, risk stratification, and best practices for the emergency care of acute coronary syndrome patients.

#### Electrophysiology Accreditation

Links the latest science, process improvement methodologies and patient outcomes across the care continuum for patients undergoing treatment in the EP Lab.

# Heart Failure Accreditation

Leverages guideline-directed medical therapies and best practices to ensure greater operational efficiency and a more consistent approach to treatment.

#### Transcatheter Valve Certification

Utilizes evidence-based science, realworld patient outcomes and expert recommendations to standardize and improve care for patients requiring transcatheter valve therapies.

# **NCDR**

## **⚠** AFib Ablation Registry™

(Catheter-based atrial fibrillation ablation procedures) Assesses the prevalence, demographics, acute management and outcomes of patients undergoing atrial fibrillation (AFib) catheter ablation procedures.

#### CathPCI Registry®

(Diagnostic cardiac catheterization and percutaneous coronary intervention)
Measures adherence to the ACC/
AHA clinical practice guideline recommendations, procedure performance standards and appropriate use criteria for coronary revascularization.

#### Chest Pain – MI Registry™

(Acute myocardial infarction treatment)
Leverages national evidence-based
standards for understanding and
improving the quality, safety and outcomes
of care provided for heart attack patients.

## ■ EP Device Implant Registry™

(Implantable cardioverter defibrillator and pacemaker procedures) Provides a national standard for understanding patient characteristics, treatments, outcomes, device safety and the overall quality of care for ICD/CRT-D and select novel pacemaker procedures.

## IMPACT Registry®

(Pediatric and adult congenital treatment procedures) Assesses the prevalence, demographics, management and outcomes of pediatric and adult congenital heart disease patients who undergo diagnostic catheterizations and catheterbased interventions.

## **■** LAAO Registry™

(Left atrial appendage occlusion procedures) Captures data on left atrial appendage occlusion (LAAO) procedures to assess real-world procedural outcomes, short and long-term safety, and comparative effectiveness.

#### **1** STS/ACC TVT Registry™

(Transcatheter valve therapy procedures)
Monitors real-world outcomes on
transcatheter valve therapies leading
to improved patient outcomes, enhanced
assessment of treatment options and
results, and more informed decision
making.

## **HONORS**

# Chest Pain – MI Registry™ Performance Achievement Award

Recognizes hospitals participating in Chest Pain - MI Registry that have demonstrated sustained, top level performance in quality of care and adherence to guideline recommendations.

# Platinum

▲ Gold

▲ Silver

#### **♦** HeartCARE Center™

Recognizes hospitals that have demonstrated a commitment to world-class cardiovascular care through comprehensive process improvement, disease and procedure-specific accreditation, professional excellence and community engagement.

Hospitals are listed by state and then by level of engagement with the ACC's quality and process improvement programs.

# YOU TAKE CARE OF PATIENTS. WE TAKE CARE OF YOU.

While the wellness of all health care providers has always been a primary focus of the American College of Cardiology (ACC), the unprecedented challenges over the last several years have underscored the importance of the well-being of all clinicians.

Find resources and tools to incorporate wellness into your professional and personal lives on ACC's Clinician Well-Being Portal.

Visit ACC.org/ClinicianWellbeing to learn more.

# **CELEBRATING GREAT ACHIEVEMENTS**

The American College of Cardiology (ACC) applauds those hospitals and health care facilities that have achieved the HeartCARE Center designation and the work of the HeartCARE Center champions who provide leadership in earning this national distinction.

Each of the institutions demonstrates a commitment to world-class cardiovascular care through community engagement coupled with quality improvement in care delivery as well as implementation of disease and procedure-specific accreditation programs. Additionally, the constant support of many qualified and dedicated physicians and cardiovascular care team members, including credentialed Fellows and Associates of the ACC, is essential to each hospital and facility's ongoing HeartCARE Center achievement.

We recognize their collaborative efforts, purposeful focus, and passion for excellence in working to deliver exceptional care and optimal outcomes for cardiovascular patients.

Please visit **CVQuality.acc.org/HCC** to learn how hospitals can achieve ACC's HeartCARE Center recognition.
