

Multidisciplinary rounds

- ❖ **Frequency:** Meet daily M-F for 30 minutes
- ❖ **Participants:** providers, nursing, pharmacy, PT/OT, case management, social work, outpatient schedulers, inpatient care coordinators
- ❖ **Objectives:**
 1. Briefly review each patient on the cardiology service and what is needed for patient to be discharged.
 2. Discuss daily care needs and discharge planning
 3. Outpatient scheduler's goal is to schedule f/u appt at that time in rounds.
