

STS/ACC TVT Registry™

Your Partner in
Patient Safety
and Quality
Improvement

Tracking real-world **outcomes on new and emerging transcatheter valve therapies**

Created through a collaboration between The Society of Thoracic Surgeons (STS) and the American College of Cardiology (ACC), the transcatheter valve therapy (TVT) registry provides evidence-based, clinical outcomes data on transcatheter valvular therapies such as TAVR.

To learn more and access enrollment materials, visit **tvregistry.org** or call **(800) 257-4737**

This powerful registry:

- Reports **patient demographics, procedure details and facility and physician performance**
- Contains **more than 100,000 patient records**, with that number continuing to increase
- Delivers patient outcome **measures at both 30 days and one year**
- Provides a real-time dashboard to **compare your institution's performance against risk-adjusted national benchmarks** for patient selection, procedure performance and clinical outcomes
